FOREWORD

The Pulaski County Historical Society is pleased to present this publication of the 1880 Census of Pulaski County in 1992, the 200th Anniversary of Kentucky Statehood. This 1880 Census of Pulaski County, Kentucky was copied from microfilm and the work involved all the members of the "staff" of the Pulaski County Historical Society. Verna Allen and Mary Elizabeth Kaurish did most of the transcribing and Wanda Harper and Wanda Bullock were the typists. The entries were copied as written from the micro-film of the original lists and an index of each family has been added. No attempt was made to correct the spelling. Some of the writing was illegible and some was difficult to read. In some cases, question marks were used.

The following is the order of presentation:

Household number in precinct
Surname
Given name
Relationship to head of household
Age
Sex
Place of birth
Place of birth of father
Place of birth of mother
